CoLaborers International assists international **indigenous-led** community organizations reaching **women and children.**

We assist through volunteerism, aide, program development, and support.

This is where the mission field meets your field of study.

We serve to empower indigenous-led missions while also giving ways to serve in your field of study or expertise both locally and abroad.

VALUES

- International friendship & community.
- Assisting indigenous-led organizations helping women & children.
- Capacity building of local leaders.
- Financial transparency.
- Quality, tested programming. *(Trainings have been endorsed by Zambia's Ministry of Health and MD's Board of Professional Counselors & Therapists)*
- Making service opportunities accessible for diverse students and professionals.

COLABORERS INTERNATIONAL

WHO WE ARE & WHAT WE **BELIEVE**

Founded in 2007, we serve alongside our global brothers & sisters to help the least of these *(Matthew 25:40, James 1:27.)*

LEADERS - We believe in international friendship. Our leaders share in accountability, care, prayer, listening, and mutual decision-making. We assist indigenous-led organizations reaching their own communities (*Hebrews 10:25, Luke 16:10a*).

PROGRAMS - We care for spiritual and bodily needs according to *James 2*, which is why programs include basic care, mental wellness, addiction care, bible studies, food, education, outreach, and vocational training.

VOLUNTEERS - We believe everyone can use their talents to honor God and help people (*Prov. 3:6*). Serve where you are through telecommuting or abroad. We emphasize the value of cultural training prior, mentoring during, and debriefing after service. You do not have to be a Christian to serve.
